Dear Mr. Adashek,

BABCNC is in receipt of your message and we will consider it as we advise the City on this issue.

Sincerely,
Travis Longcore

Hello,

I am a resident of the street being considered in this gating proposal- I live on Nicada Drive. I strongly oppose this project for many reasons.

Please don't assume that residents here support this project. I live on Nicada drive where the gating is proposed. I oppose it.

Rush hour traffic on Nicada and Bottlebrush will get worse because of the closure of various intersections in our neighborhood. Bel Air Glen is trying to solve their traffic problem at the expense of residents on the west side of Beverly Glen like me. Nicada already has totally stopped traffic for 1/4 mile in front of my house between the hours of 2-5pm every weekday because of the failure of the city to provide a traffic officer or traffic signal at the intersection of Mulholland and Beverly Glen despite our pleas. We can't allow it to get even worse.

Bel Air Ridge residents on Angelo and Baywood will need to go through two gates to leave and return to their homes. Briarwood and Angelo traffic within Bel Air Ridge also will be negatively impacted, when drivers are stopped at the south Angelo gate and need to turn around and go back.

Thank you,
William Adashek
