To Whom It May Concern:

I am writing to you to express my strong support for the Bel Air Glen Homeowners Association's application to vacate and gate Nicada Dr., Angelo Dr., and Woodwardia Dr. within the Bel Air Glen HOA community.

I live in the Bel Air Glen HOA community. The traffic in my neighborhood has become unbearable. In the afternoons, my neighborhood is lined with cars from people cutting through the long lines of traffic on Beverly Glen just before Mulholland. As a result, I cannot drive down Angelo and turn onto Beverly Glen without getting on a long line of cars who don't belong in my neighborhood. It is also difficult to enter and drive around certain parts of my neighborhood due to cars using our neighborhood as a shortcut to get around the long lines of traffic going up the hill on Beverly Glen. Then, drivers on Beverly Glen get angry with me when I do try to leave the neighborhood and assume that I am using the neighborhood as a "cut through" when, in fact, *I live here* and I have to exit from Angelo Drive. This makes it even more difficult for me to leave the neighborhood during rush hour times as angry drivers will not let me in the line of vehicles going up Beverly Glen. I have also seen cars using our neighborhood shortcut driving unsafely, and cutting off another car simply to save time on their commutes. Also, blocking the driveways of many houses by not leaving room for residents to pull in and out of their home driveways during rush hour. It has become a serious and fearful safety issue for our family. This situation has grown far worse over the past several years due to google maps and WAZE. These drivers should not be able to back up our neighborhood street and I feel that gating our community is the only way to solve this problem. Due to necessity, therefore, **I SUPPORT the Bel Air Glen Street vacation and gating project.**

Sincerely,
