Dear Mr. Bisetti,

Thank you for your email to BABCNC. It will be considered by our Planning and Land Use Committee and the Board as we advise the City on this proposal.

Sincerely,  
Travis Longcore

Dear Mr. Longcore,

We have lived on Summer Holly Circle since 1986. Our section of Summer Holly Circle is one block long and is just to the east of Woodwardia. It is a semicircle (or spur) which connects with Woodwardia at both ends.

When we moved here, there was no traffic on our street. The only people who would drive up the street were residents; there was no reason for anyone else to take this little section of roadway.

With the advent of Waze, that has changed. Initially commuters going northbound on Beverly Glen during the evening rush hour, would cut through on Woodwardia, the street to the east of Beverly Glen and rejoin Beverly Glen about 3 blocks later in an effort to bypass the traffic. Woodwardia would become backed up, so, in an effort to bypass that traffic, commuters have on many occasions cut through on to Summer Holly backing up traffic on our short street, making it impossible for us to get in or out of our driveway.

These same commuters have no regard for the neighborhood as they are stopped on our streets, loud music blaring, and smoking their cigarettes, even though the City has posted "Brush Area - no smoking" signs in our neighborhood and on our street.

We are in support of gating the community. The commuters do not stop for the stop signs, and before the backup begins, they speed up Woodwardia and Summer Holly. And it really doesn't save them any time.

Thank you for your consideration.
