RE: Proposed Tree Removal at 8101 W. Sunset Blvd.

Dear Hector and Stephen:

I am writing to you on behalf of the Bel Air Beverly Crest Neighborhood Council (please see the attached letter from our president). Our committee has reviewed the situation regarding the Ficus tree located at 8101 W. Sunset Blvd. and we are opposed to having this tree removed. This tree provides an amazing canopy in an intersection that is otherwise devoid of shade or greenery. Any tree(s) that might be planted in its place would take years to provide the same environmental benefit to the local community.

We request that the members of UFD take another look at the situation and develop a plan which would allow for the retention of this magnificent tree.

Sincerely,

Mindy Rothstein Mann

Chair, Ad-Hoc Committee for Tree Removal & Notification
