My wife and I are residents of Bel Air Ridge. We live on the west side of Beverly Glen near Nicada. We strongly oppose Bel Air Glen's proposal to install gates at Nicada, Woodwardia and Angelo. Installing gates at these locations will privatize the streets and prevent public access to Bel Air Glen portions of Nicada, Angelo and Woodwardia.

I use the gym on Angelo a minimum of 3 times per week and occasionally use the Angelo pool. I have a personal trainer who meets me at the gym on Angelo. Installing gates will create unwanted and unnecessary obstacles and will prevent my access and that of my personal trainer.

I have friends and neighbors who live on the east side of Beverly Glen. Installing gates will prevent easy access to my friends and neighbors.

Installing gates at these locations will prevent cars trying to enter who do not have passes including Amazon and delivery drivers, workers, tradespeople, friends and relatives.

Installing gates at these locations will increase traffic and air pollution along Beverly Glen and shift more traffic to other streets in the Bel Air Ridge community west of Beverly Glen.

We recommend the Bel Air Beverly Crest Council vote against Bel Air Glen's proposal.
