Dear Mr. Longcore, Mr. Schlesinger, Mr. Koretz, Mr. Thompson and the entire Council of BABNC,

As residents for over 50 years in the Beverly Glen area (7 years in Beverly Glen Park, now Bel Air Glen; 35 years in Deep Canyon; and now 10 years in Bel Air Ridge) we have truly lived through the growth and transitions of our beloved chosen residential area.

We want to let you know our strong opposition to Project: VAC-E1401394, the proposed gating of Bel Air Glen.

This would be a huge mistake that affects our daily lives and will not benefit our area, but help to further destroy the tranquility and quality of life caused by traffic congestion, noise and perceived privilege of a few.

The proposal and application contains many flaws and untruths that have previously been presented to you.

We wholeheartedly agree with those reasons for opposition, especially the inaccuracies in Section II of BAG's Environmental Assessment Form. (Please refer to Joan Herman's letter of July 21, 2022)

We appreciate your consideration and thank you for your time and effort on behalf of the BABNC. We trust you want to see all of our lives, homes and environments flourish and for that reason you will thoroughly consider a loud rejection to this faulty proposal.  
Thank you!

Julie Saffro
