Good afternoon,

Please add our household to the list of Los Angeles residents **opposing** the the Bel Air Glen Privatization and Gating Project.

This plan is dangerous from a fire evacuation standpoint, imposes a burden on homeowners not in the gated community, and included false claims about neighborhood response in its application ("Could the project result in annoyance to community residents?" was answered inaccurately).

Thank you,

Miles & Melinda Gibbons

[2777 Bottlebrush Drive, Los Angeles, CA 90077](#)
