To Whom It May Concern,

Over the course of my residency at 9249 Robin Drive I have had an increase in the number of people who approach my gate and some who try to look over the door to see into my home's entry area. With the many construction projects around the neighborhood, I have had several instances where people have approached my home who appear to be workers but are unknown to me. This, coupled with the increase of "Follow-Home Robberies" in the Los Angeles area with neighborhoods like mine being targeted, has led me to find ways in which I can create a more secure property and safe home environment for me and my family.

I would like to install taller walls and gates with landscaping as an additional safety measure. I strongly believe this would make an impact on our adding an extra layer of security and peace of mind.

I am hopeful to proceed with these upgrades to my property.

With Regards,

A handwritten signature in black ink, appearing to read "Glenn", with a long, horizontal, wavy line extending to the right.
