Item Number:

Summary: The Bel Air-Beverly Crest Neighborhood Council area is the site of a great deal of short term rental activity and so strongly supports improving home sharing enforcement mechanisms. Because the area experiences this activity, and because residents have experienced many problems with short-term rentals in their area, the Council has convened an Ad Hoc Committee on Home Sharing and Party House Ordinances. This committee reviewed the short-term rental enforcement models from other jurisdictions. This following is a list of recommended additions to the ordinance that come from that exploration:• On-site parking requirements for short-term rentals. • Special rights for neighbors including a provision allowing neighbors to petition to have specific permits revoked. • Million-dollar bond required to cover potential liability. • Tax assessor records consulted to verify primary residency. • Bar sub-lessors from receiving STR permits. • Designated responsible party required for each home share who must be able to be on the scene and handle problems within 60 minutes during the day and 30 minutes during the night. • Units must be inspected for compliance. • Limit permits in places that already have a high concentration of STRs.

**Re: CF-14-1635-S10 Short-Term Rentals / Unpermitted / Non-compliant Properties**

Dear Councilmembers:

The Bel Air-Beverly Crest Neighborhood Council strongly supports the motion by councilmembers Raman, Blumenfeld, Bonin, and Koretz (CF-14-1635-S10). BABCNC recommends the addition of the following provisions for investigation:

- On-site parking requirements for short-term rentals.
- Special rights for neighbors including a provision allowing neighbors to petition to have specific permits revoked.
- Million-dollar bond required to cover potential liability.
- Tax assessor records consulted to verify primary residency.
- Bar sub-lessors from receiving STR permits.
- Designated responsible party required for each home share who must be able to be on the scene and handle problems within 60 minutes during the day and 30 minutes during the night.
- Units must be inspected for compliance.
- Limit permits in places that already have a high concentration of STRs.

This position was adopted unanimously at Brown Act-noticed, regularly scheduled meeting of the Board on October 27, 2021, with 27 members present and voting.

Sincerely,

Travis Longcore, Ph.D., President
