14. Oppose RFP for IKE Sidewalk Kiosk Program

WRAC Motion refers to City Council file [22-1154-S1](#)

BABCNC, a member of the Westside Regional Alliance of Councils (WRAC), opposes Council File 22-1154-S1 and the issuance of a Request for Proposals (RFP) for the interactive digital kiosk program, because it would:

1) allow installation of hundreds of 8 to 9 foot tall two-sided digital advertising kiosks on sidewalks through the City, which WRAC previously opposed in January 2023

(<https://westsidecouncils.com/wp-content/uploads/2022/11/WRAC-Letter-re-IKE-program.pdf>), and 2) directly compete with, and undermine, the success of the City's Sidewalk and Transit Amenities Program (STAP) and other community benefit programs that the City and its transit riders rely upon to provide much-needed shade, shelter, transit information and public service announcements."

See [Background Information](#)

WRAC opposed the IKE program; see [January 2023 Letter](#). All nine member councils named in the WRAC [January 2023 Letter](#) opposed the IKE program:

Update: the Council File has been referred to the Public Works Committee as of 6/18/25.

Of note, BABCNC has a CIS on this from November 2022 in the original council file:

15. Support CF 25-0848 / Expedite After-Action Reports

WRAC Motion refers to City Council file [25-0848](#)

"BABCNC, a member of the Westside Regional Alliance of Councils (WRAC), strongly supports Council File 25-0848 (Park / Yaroslavsky), calling for (among other things) 1) a report back on the status of the City's compliance with AB 747, 2) a list and evaluation of evacuation routes within CD 11, and 3) plans to improve evacuation route infrastructure, signage, traffic control and public education.

“BABCNC further calls the City Council’s attention to the urgent need for infrastructure funding to absorb the cost of implementing a mitigation plan, including by developing new ingress and egress routes, and calls on the City to proactively and constructively engage with FEMA and OES, by (among other things) expediting completion of the After-Action Reports by the Office of Emergency Management and LAFD, so that those engaged in evacuation planning and disaster response will have the benefit of these findings.”
