to me, Alina, Mona, Svetlana

Hi,

Below are the instructions and the **2 emails** you and your spouse/partner need to send out **tonight**.**Instructions:****1. Compose a New Email and copy and paste the following email addresses to send to:**

[ssavage@babcnc.org](mailto:ssavage@babcnc.org)  
[lweisberg@babcnc.org](mailto:lweisberg@babcnc.org)  
[mlevinson@babcnc.org](mailto:mlevinson@babcnc.org)  
[jspradlin@babcnc.org](mailto:jspradlin@babcnc.org)  
[ptempleton@babcnc.org](mailto:ptempleton@babcnc.org)  
[sweinberg@babcnc.org](mailto:sweinberg@babcnc.org)  
[Sgrey@babcnc.org](mailto:Sgrey@babcnc.org)  
[mkemp@babcnc.org](mailto:mkemp@babcnc.org)  
[rschlesinger@babcnc.org](mailto:rschlesinger@babcnc.org)  
[Tlongcore@babcnc.org](mailto:Tlongcore@babcnc.org)  
[rgreenberg@babcnc.org](mailto:rgreenberg@babcnc.org)  
[jhall@babcnc.org](mailto:jhall@babcnc.org)  
[Nminer@babcnc.org](mailto:Nminer@babcnc.org)  
[council@babcnc.org](mailto:council@babcnc.org)

**2. In the Subject line, copy and paste the following:****Regarding Case #: CPC-2025-3449-CU3-SPPC-DRB-MSP ENV-2025-3450-CE**

**3. Copy and paste the below \*Letter into the body of the email. Fill in any empty spaces in**

**the body (your name, years you've been a resident etc.)**

**4. You can customize the above email with additional information, if you wish.**

**5. Send E-mail TODAY!!!**

**\*\*\* Repeat Steps 1-5 for the second email (\*Letter #2)**

Thank you 😊

### **\*Letter #1:**

To: Bel Air–Beverly Crest Neighborhood Council (BABCNC)  
Land Use Planning Committee

RE: Agenda Item #6 for Tuesday, January 13, 2026

2785 N CASIANO ROAD; 2791 N CASIANO ROAD; 2845 N CASIANO ROAD  
Milken Community School E Campus (Also commonly known as [15600 Mulholland](#))  
CPC-2025-3449-CU3-SPPC-DRB-MSP ENV-2025-3450-CE

To: Bel Air Beverly Crest Neighborhood Council (BABCNC)

Subject: Urgent Safety Concerns: Milken Scenario 1 Evacuation & Community Impact

Dear BABCNC Board,

Based on the submitted Milken Project presentation to the BABCNC committee, we would like to address a few vulnerabilities in their evacuation plan for Scenario #1. While Milken has indicated that they are addressing safety concerns through student drills, these measures fail to account for the complex external reality of a hypothetical wildfire evacuation and or emergency. .

Our review finds that the current plan presents significant risks not only to the students but to the entire Bel Air community for the following reasons:

- **Regional Gridlock and Overlapping Evacuations:** The plan to move all vehicles toward Mulholland Drive between 9:55 am and 10:10 am does not

account for Stephen S. Wise Temple and School, which shares the same emergency route. A simultaneous evacuation of both large institutions onto Mulholland would lead to total traffic paralysis.

- **Conflicting Traffic Flows:** While Milken students are attempting to exit at 9:55 am, panicked parents from across the city will likely be driving *toward* the school and Stephen S. Wise to retrieve their children. This "clash" of incoming and outgoing traffic on narrow hillside roads creates a high probability of road blockage for emergency fire apparatus.
- **Vulnerable Neighbor Impact:** The Casiano Road corridor includes many elderly residents who may move more slowly or require assistance. A sudden surge of dozens of student-driven vehicles—each carrying multiple passengers—increases the risk of accidents with panicked neighbors who are also attempting to flee.
- **Limitations of Drills and Waivers:** While students may practice the 9:35 am assembly, a drill cannot simulate the presence of civilian traffic, the arrival of frantic parents, or the reduced visibility caused by smoke.
- **Resource Strain:** The plan relies on Security personnel to manage traffic on Casiano Road starting at 9:40 am. However, if the road is blocked by parents or neighbors, these personnel will be unable to maintain the 10:10 am "all-clear" timeline, potentially leaving students stranded in a high-fire-risk zone.

We strongly urge the BABCNC to request a joint evacuation study between Milken, Stephen S. Wise, and local law enforcement to address these cumulative impacts on the community's safety.

Sincerely

AFA SHAFA

Bel Air Park Rark Resident
