Dear Neighborhood Council Land Use Committee,

I've lived in Bel Air Crest for the past 10 years and have three children — two Milken grads and one currently in 11th grade.

This project is deeply meaningful to me because Milken has been more than just a school for my family. It's been a bridge to the broader Los Angeles community. Through volunteer programs, service learning, and partnerships beyond campus, my children have learned what it means to give back and stay engaged with the world around them.

As a parent, I've seen firsthand how Milken teaches its students to be engaged citizens. And as a neighbor, I also see how the school invests in being a good community partner. Their commitment to safety, emergency preparedness and managing traffic are just a few examples of how their presence benefits everyone who lives here.

This plan strengthens both the school and our neighborhood. I support this project and ask the committee to do so as well.

Sincerely,

Sunny Rad [2305 Worthing Lane](https://www.google.com/maps/place/2305+Worthing+Lane,+Los+Angeles,+CA+90077/@34.05111,-118.2427,15z)
