Dear Council Members,

I am a resident of the neighborhood near the Milken East campus, and I am writing to share my support for Milken's Conditional Use Permit application.

Living nearby, I have had the opportunity to observe how thoughtfully Milken has integrated itself into the former AJU site. The school has consistently demonstrated that safety is a top priority, with clear investments in fire prevention, emergency preparedness, on-site security, and careful maintenance of the campus. Equally important has been Milken's openness and responsiveness to neighborhood concerns, which has helped foster trust and collaboration.

Milken's presence has had a positive impact beyond its campus boundaries. Their proactive and responsible approach contributes to the overall safety and well-being of the surrounding hillside community, and reflects a genuine commitment to being a good neighbor.

I believe this project represents careful planning and responsible stewardship, and I fully support Milken's request for approval of the Conditional Use Permit. Thank you for your time and consideration.

Sincerely,  
Fanny Marcus
