Dear Council Members,

We are residents who live just a few blocks from Milken's East Campus and longtime members of this community. As neighbors—and as Milken parents—we have had the opportunity to witness firsthand how thoughtfully and responsibly the school has approached its move into the former AJU site.

From the outset, Milken has demonstrated a clear commitment to safety, transparency, and being a good neighbor. We have particularly appreciated the school's ongoing engagement with the community, including timely communication, collaboration with our HOA, and a consistent willingness to listen and respond to questions and concerns.

Milken has shown that it is approaching this project with integrity and care, prioritizing both student well-being and community harmony. The proposed enrollment increase is gradual and thoughtfully planned, allowing the school to meet demand without changing the character or use of the campus.

We fully support Milken's Conditional Use Permit and respectfully ask that you allow the school to move forward.

Thank you for your time and consideration.

Sincerely,  
Sara Kashani
