

# Sunset Plaza Drive Pipeline Project

## Project Description

The Los Angeles Department of Water and Power is currently replacing 1.2 miles of water pipeline along Sunset Plaza Drive. The pipeline project is scheduled from May 2020 to May 2021. As an essential services provider, LADWP is working to ensure water service reliability during the COVID-19 response while practicing recommended health and safety measures to protect our employees and the public.

## Construction Update

LADWP crews are currently in a rotation schedule to comply with social distancing and Covid19 requirements.

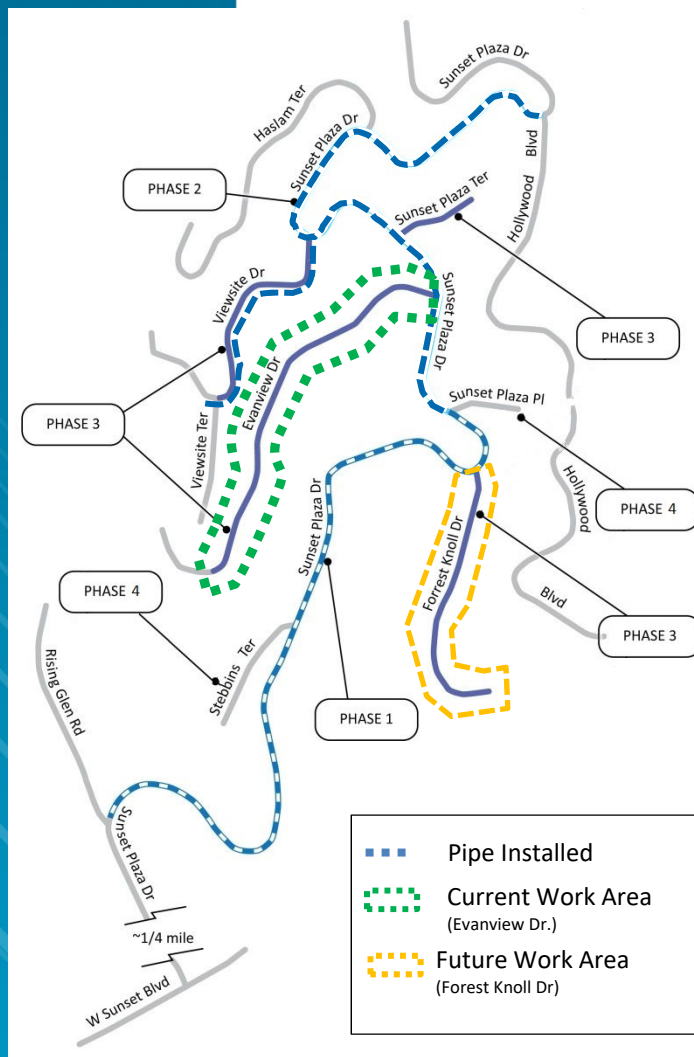

LADWP is currently working at Evanview Drive installing the new water main line. Parking will be restricted during construction hours and it will be available as the crew completes the paving over the trench.

Once Evanview Drive is completed the crew will continue the installation of the Forest Knoll Drive water main. Residents who live along Forest Knoll Drive will be notified 3 working days prior the start of the construction

In the event of leak please dial 1-800-DIAL-DWP to report.

Phase 1 and 2: **COMPLETED**  
Phase 3: Nov 2020 – May 2021  
Phase 4: May 2021 – June 2021

**Road Closure and Parking**  
Construction will require road closures at each section during work hours. LADWP crews will work in manageable sections that can be covered at the end of each work day to open the road to traffic. There is no parking allowed within the current work area. Service connections will limit parking and access.
